Uploaded on Apr 25, 2009

In this video, Betty demonstrates how to make her Magical Blueberry Cake recipe. It is magical because all you have to do is layer 5 ingredients, bake, and voila! Cake! It is rich in blueberry and pineapple flavor and has a crisp, nutty top!

Ingredients:

20 oz. can crushed pineapple
21 oz. can blueberry pie filling
1 box yellow cake mix
1 stick butter or margarine, melted
1/2 cup chopped pecans
cooking oil spray

Spray a 13-inch by 9-inch by 2-inch baking dish with cooking oil. Layer the first 5 ingredients in the baking pan in the order given. Do not mix. Bake at 350 for approximately 40 minutes. (Watch carefully, so that you do not let the pecans on top burn.) This recipe is **so** easy, and it makes a **huge** dessert that everyone will be crazy about!
