

## Betty's Dog Cookies Recipe (For Dogs!)

Uploaded on 14 Feb 2010

In this video, Betty demonstrates (with the help of her miniature silver poodle, Remy) how to make a delicious, nutritious homemade dog treat. A few jars of baby food, some wheat germ, and powdered milk make these into cookies your dog can't resist!

### Ingredients:

- 1 small jar carrot baby food
- 1 small jar turkey baby food
- 1 small jar beef baby food
- 1/3 cup wheat germ
- 1/4 cup powdered milk
- dash of salt

In a medium-sized bowl, mix, 1 small jar of carrot baby food, 1 small jar of turkey baby food, 1 small jar of beef baby food, along with 1/3 cup wheat germ, and 1/4 cup powdered milk. You may add more powdered milk and/or wheat germ, if needed, for working this dough. Form the dough into small patties, and bake at 350 degrees for about 15 minutes. (I used some cooking oil spray on the baking pan, but it probably was unnecessary.) These dog cookies are wholesome and healthy, and you can control exactly what goes into them. Remy thinks your dog is going to like them! Happy Valentine's Day from Betty, Rick & Remy
