

Betty's Quick Chipotle Mayonnaise

Uploaded on 9 Oct 2011

In this video, Betty demonstrates how to make Quick Chipotle Mayonnaise. This video was inspired by our recent trip to 815 Prime Restaurant in Midway, Kentucky, where I ordered a BLT with Chipotle Mayonnaise and Monterey Jack Cheese. This spread is delicious on sandwiches, but can also be used as a dip.

Ingredients:

1 cup mayonnaise

1/8 cup canned chipotle peppers in adobo sauce

Place 1 cup mayonnaise and 1/8 cup canned chipotle peppers in a blender. Blend for about 10 seconds, leaving some tiny lumps of chipotle pepper in the mix. Stir with a long spatula and scrape into a serving dish. This spread is ready to use immediately. To store, cover and refrigerate. This Chipotle Mayonnaise is great on burgers and a variety of sandwiches and can be used as a dip, as well. Enjoy! --Betty ☐
